Comments: Thanks for coming to Woodingdean - it looks like the course was challenging enough. I had thought of having a couple more controls even further down the hill but I think I was right to remove them. Apologies for the incorrect positioning of the circle for the manure heap. The number was there and two competitors found it. I have added a column for wrong answers - the correct answers were all found by at least one competitor. Thanks to Neil for map printing and timing system.

Robin

Out of interest here's Neil's route: *I started off 3, 17 started going to 13 then changed my mind and ended up 22,8,14,13,12,24,9,2,23,16,15,1,25,7,10,21,20,6,19,5,4 GPS has this at 10.7km.*
